Print out the Worship Guide and Worship On-Line on your own or with family.

Part 1: During the on-line worship, mark on the Worship Guide where you are most engaged, bored, distracted, confused, or inspired. Circle the best stuff, cross out what you’d prefer to skip, add question marks, exclamation points, or emojis.

Write down what got your attention—a word, character, image, song, feeling or thought that stood out: _____

Write down one question that you have about the worship: _____

Write down one thing you’ll keep thinking about or do this week because of what you’ve experienced in worship: _____

Meet with Your Mentor

Part 2: If you can, watch on-line your favorite part of the worship with each other. If not, then just share what it was and why you liked it.

Share with each other what got your attention. Is there a part of worship each week you especially like or connect with? Anything you'd just as soon skip most weeks?

Share any questions either of you have or anything you're wondering about. Ask your mentor how they find answers to questions that come up when they worship.

Share another kind of worship experience you may have had. How does it compare to the one you've been discussing?

Is there anything either of you want to change in your life since you've had this worship experience? Any one thing you will do this week?

Is there anything either of you would like our worship team to consider changing about the way we do worship?

Close with a prayer. Thank God for your mentor, for your time together, and for what you've shared and learned. Thank God for the opportunity to worship. Add anything else the two of you want to pray about.
